**Subject:** On wharf storage over Christmas/New Year Period

---

---

### **Christmas Steel Warehouse Closure**

With the Christmas/New Year holiday period approaching and the usual shut down of a number of warehouses and businesses over this period, importers need to be aware that AAT cannot be as flexible in storage as in previous years and normal storage rates will apply.

AAT urge cargo owners to make arrangements to move cargo off wharf during that period and talk to the AAT Terminal Managers, in advance on any concerns or requirements you have.

We thank you for your support and understanding.

Kind Regards

A handwritten signature in black ink, appearing to read 'ANTONY PERKINS', with a long horizontal stroke extending to the right.
